Participación en congresos:

Tuong-Van Nguyen, Yamid Alberto Carranza Sánchez, Silvio de Oliveira Junior. A preliminary analysis of the integration of gas liquefaction processes on floating production storage and offloading facilities. The 29th International Conference on Efficiency, Cost, Optimization, Simulation and Environmental Impact of Energy Systems. June 19-23, 2016, Portoroz, Slovenia.

Yamid Alberto Carranza Sánchez, Silvio de Oliveira Junior. Assessment of the exergy

performance of a floating,
production, storage and offloading (FPSO) unit: Influence of three operational modes. The
28th International
Conference on Efficiency, Cost, Optimization, Simulation and Environmental Impact of
Energy Systems. June
30-July 3, 2015, Pau, France.

Yamid Alberto Carranza Sánchez, Silvio De Oliveira Junior. Energy and exergy performance
of three FPSO
operational modes. 23rd ABCM International Congress of Mechanical Engineering.
December 6-11, 2015, Rio
de Janeiro, Rj, Brazil.
